

ENVIRONMENT AND GREEN ENERGY ADVISORY COMMITTEE MUNICIPALITY OF DYSART ET AL

MANDATE

The Environment and Green Energy Advisory Committee is a committee appointed by the Council of the Municipality of Dysart et al. The purpose of the Committee is twofold:

- to seek, develop and promote opportunities in the field of alternative energy for residential, commercial and municipal buildings; and
- to investigate and promote opportunities and strategies to reduce energy usage and to reduce, reuse and recycle waste material into new and usable products.

The Committee will prepare suggestions and specifications, in a user friendly format, that will provide information and product sources for the public.

The Committee will achieve its purpose by:

1. Generating ideas and specifications on green energy products and preparing detailed action plans that can be implemented by the public and the Municipality.
2. Initiating the action plans and drawing in partners if necessary, to achieve the goals and mandate.
3. Developing and submitting a budget for Council approval with detailed specifications.
4. Developing and submitting regular reports to Council.
