

Septic Review - Septic Maintenance Inspection Program

Fee: \$150.00

Please complete this form if your Septic Maintenance Inspection resulted in a required remedial action to decommission a bedroom to return your property back to the permitted use. This form will also be used in cases where there is an owner dispute based on the number of bedrooms recorded during the inspection.

Municipal Address	
Roll Number	
Lake Name	
Property Owner Name	
Email Address	
Phone Number	

Municipality of Dysart et al Building Department 135 Maple Avenue, Box 389 Haliburton, Ontario, KOM 1S0 Tel.: (705) 457-1740

Website: <u>www.dysartetal.ca</u>

Existing:

Number of Bedrooms Listed on Inspection Report	
List of Accessory Structures and Applicable Uses	
Compliance Plan:	
Proposed Number of Bedrooms	
Description of Changes	
What changes were made to bring the property into compliance with the approved use permit?	

Fee: \$150.00

IMPORTANT: Floor Plan and a Site Plan are Required

If there are no accessory structures on the property, a site plan is not required. These can be hand drawn by the owner and do not have to be to an exact scale. These drawings are required as part of the formal paper trail to bring your property back into compliance with the approved septic use permit.
