## Independent Auditor's Report

---

### To the Members of Council of the Corporation of the Municipality of Dysart et al.

We have audited the accompanying consolidated financial statements of the Corporation of the Municipality of Dysart et al., which comprise the consolidated statement of financial position as at December 31, 2017, and the consolidated statements of operations, change in net debt and cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

#### Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### Opinion

In our opinion, the consolidated financial statements present fairly, in all material respects, the financial position of the Corporation of the Municipality of Dysart et al. as at December 31, 2017, and of its operations and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

---

## **Corporation of the Municipality of Dysart et al. Summary of Significant Accounting Policies**

**December 31, 2017**

---

**Management  
Responsibility**

These consolidated financial statements are the responsibility of the municipality's management prepared in accordance with accounting policies and standards established by the Public Sector Accounting Board (PSAB) of the Chartered Professional Accountants of Canada.

**Basis of Accounting**

Sources of financing and expenses are reported on the accrual basis of accounting. The accrual basis of accounting recognizes revenues as they become available and measurable; expenses are recognized as they are incurred and measurable as a result of receipt of goods or services and the creation of a legal obligation to pay.

The focus of these consolidated financial statements is on the financial position of the municipality and the changes thereto. The consolidated statement of financial position includes all the financial assets and liabilities of the municipality as well as non-financial assets.

Financial assets are those assets which could provide resources to discharge existing liabilities or finance future operations. Net financial liabilities form a part of the financial position and is the difference between financial assets and liabilities. This provides information about the municipality's overall future revenue requirements and its ability to finance activities and meet its obligations.

Non-financial assets are normally used to deliver services. Their value lies with their service potential rather than their ability to generate future cash inflows. They form part of the financial position as they provide resources that the government can employ in the future to meet its objectives.

The accumulated surplus is made up of the combination of net financial liabilities and non-financial assets.

**Basis of Consolidation**

These consolidated financial statements reflect the assets, liabilities, revenues and expenses of all committees of Council and the following local boards which are under the control of Council:

Harcourt Community Centre Board  
West Guilford Community Centre Board  
Haliburton Business Improvement Area Board  
Haliburton Highlands Museum Advisory Committee

All interfund and inter-entity assets, liabilities, revenues and expenses have been eliminated.

Trust funds and their related operations administered by the municipality are not consolidated, but are disclosed separately in Note 1.

The taxation, other revenues, expenses, assets and liabilities with respect to the operations of the county and school boards are not reflected in the balances of these consolidated financial statements, but are disclosed separately in Note 2.

---

## **Corporation of the Municipality of Dysart et al. Summary of Significant Accounting Policies**

**December 31, 2017**

---

**Use of Estimates and  
Measurement Uncertainty**

Since precise determination of many assets and liabilities is dependent upon future events, the preparation of periodic financial statements necessarily involves the use of estimates, assumptions and approximations. Included in these consolidated financial statements are estimates for post-employment benefits, landfill liabilities, tangible capital assets and taxation accruals.

Management uses estimates based on assumptions and calculations contained in actuarial reports, modified as necessary for the passage of time. Actual results can differ from the estimates due to uncertainty. The actuarial reports and calculations are reviewed and updated periodically at which time estimates can be adjusted.

Management uses estimates based on assumptions and calculations contained in consultant reports, modified as necessary for the passage of time to determine the landfill liability. Actual results can differ from the estimates due to uncertainty. The consultant reports and calculations are reviewed and updated periodically at which time estimates can be adjusted.

Management has made estimates related to tangible capital assets both in determining fair market value of contributed assets and in the amortization rates as set out in these policies.

Management has made estimates related to taxation revenue in determining the balance to accrue relating to supplementary billings and write offs which will be determined in future years.

**Cash and Cash  
Equivalents**

Cash and cash equivalents consist of bank balances and investments in money market instruments with maturities of three months or less, and is net of any temporary borrowings for current purposes. Composition of the balance and restricted amounts are disclosed in Note 4.

**Deferred Revenue**

Under PSAB accounting principles, obligatory reserve funds and any other externally restricted financing amounts must be reported as deferred revenue. Only the amount earned by qualifying expenditures in the current year is reflected as revenue in the Consolidated Statement of Operations.

---

## **Corporation of the Municipality of Dysart et al. Summary of Significant Accounting Policies**

**December 31, 2017**

---

### **Employee Benefit Plans**

The municipality accrues its obligations under employee benefit plans as the employees render the services necessary to earn employee future benefits. The municipality has adopted the following valuation methods and assumptions:

**a) Actuarial cost method:**

Accrued benefit obligations are computed using the projected benefit method prorated on service, as defined in PSAB 3250 and PSAB 3255. The objective under this method is to expense each member's benefit under the plan taking into consideration projections of benefit costs to and during retirement. Under this method an equal portion of total estimated future benefit is attributed to each year of service.

**b) Funding policy:**

The non-pension post retirement and post employment benefits are funded on a pay-as-you-go basis. The municipality funds on a cash basis as benefits are paid. No assets have been formally segregated and restricted to provide the non-pension retirement and post employment benefits.

**c) Accounting policies:**

Actuarial gains and losses are amortized on a linear basis over the expected average remaining service life ('EARSLS') (expected remaining payment period in respect of the retiring allowance) of members expected to receive benefits under the plan, with amortization commencing in the period following the determination of the gain or loss. Obligations are attributed to the period beginning on the member's date of hire and ending on the expected date of termination, death or retirement, depending on the benefit value. The municipality's fiscal year-end is December 31 and the measurement date of the municipality's obligation is such.

### **Tangible Capital Assets**

Tangible capital assets are recorded at cost less accumulated amortization. Cost includes all costs directly related to acquisition or construction of the tangible capital asset including transportation costs, installation costs, design and engineering fees, legal fees and site preparation costs. Contributed tangible capital assets are recorded at fair value at the time of donation, with a corresponding amount recorded as revenue. Amortization is recorded on a straight-line basis over the estimated life of the tangible capital asset commencing once the asset is available for production or use as follows:

Land improvements	15 years
Buildings	40 years
Equipment	10-20 years
Vehicles	10 years
Roads	8-40 years
Sewer	40-80 years
Bridges and culverts	15-40 years

---

## **Corporation of the Municipality of Dysart et al. Summary of Significant Accounting Policies**

**December 31, 2017**

---

### **Revenue Recognition**

Revenue is reported on the accrual basis of accounting. Revenues are recognized as follows:

- a) Tax revenue is recognized in the calendar year to which the tax assessment applies. Where necessary, taxes are recorded at estimated amounts when actual balances are not known. Taxes receivable are recognized net of an allowance for anticipated uncollectable amounts.
- b) Fines and donations are recognized when collected.
- c) Subdivider contributions and fees for services are recognized over the period of service or when required expenditures occur if applicable.
- d) Except as noted in the government transfers policy below, conditional grant revenue is recognized to the extent the conditions imposed on it have been fulfilled. Unconditional grant revenue is recognized when monies are receivable. Grants for the acquisition of tangible capital assets are recognized in the period in which eligible expenses are made.

### **Government Transfers**

Government transfers are recognized as revenue in the financial statements when the transfer is authorized and any eligibility criteria are met, except to the extent that transfer stipulations give rise to an obligation that meets the definition of a liability. Transfers are recognized as deferred revenue when transfer stipulations give rise to a liability. Transfer revenue is recognized in the statement of operations as the stipulation liabilities are settled.

### **Pension Agreement**

The municipality is an employer member of the Ontario Municipal Employees Retirement System (OMERS), which is a multi-employer, defined benefit pension plan. The Board of Trustees, representing plan members and employers, is responsible for overseeing the management of the pension plan, including investment of the assets and administration of the benefits. The municipality has adopted defined contribution plan accounting principles for this Plan because insufficient information is available to apply defined benefit plan accounting principles. The municipality records as pension expense the current service cost, amortization of the past service costs and interest costs related to the future employer contributions to the Plan for past employee service.

**December 31, 2017**

### 4. Cash and Cash Equivalents

	2017	2016
<b>Unrestricted</b>		
Unrestricted net cash	\$ 999,097	\$ 2,003,150
Unrestricted GIC	32,007	16,985
<b>Designated</b>		
Designated cash	1,847,769	1,790,110
Designated Money Market and Bond Funds (Market value - \$929,234)	996,903	975,047
<b>Restricted</b>		
Restricted cash	160,738	202,099
Restricted Money Market and Bond Funds (Market value - \$177,258)	189,829	185,660
	<b>\$ 4,226,343</b>	<b>\$ 5,173,051</b>

Virtually all of the cash is on deposit at one financial institution (CIBC). Designated cash relates to reserve funds of \$3,082,569.

The unrestricted investments as at December 31, 2017 are GICs through chartered banks. The designated and restricted bond funds are invested in the "ONE" Public Sector Group of Funds.

### 5. Accounts Receivable

	2017	2016
<b>Unrestricted</b>		
Canada	\$ 447,298	\$ 269,687
Ontario	24,985	44,865
Other	350,733	237,172
	<b>\$ 823,016</b>	<b>\$ 551,724</b>

### 6. Liability

The Municipality has been notified by the Ministry of Environment and Climate Change (Ministry) that a site owned and maintained by the Municipality has landfill leachate. The municipality has developed a remediation plan in conjunction with environmental consultants which has been submitted to the Ministry. At this time no plan has been finalized and approved by the Ministry and as such the cost to remediate the situation cannot be determined.

# Corporation of the Municipality of Dysart et al.

## Notes to Consolidated Financial Statements

December 31, 2017

### 7. Deferred Revenue

	2017	2016
<b>Obligatory Reserve Funds</b>		
Building department	\$ 50,000	\$ 50,000
Federal and provincial gas tax	342,659	133,582
Parking revenues (Municipal Act)	46,494	46,064
Parkland (Planning Act)	114,938	131,422
	<b>554,091</b>	<b>361,068</b>
<b>Other deferred revenue</b>	<b>284,565</b>	<b>395,871</b>
	<b>\$ 838,656</b>	<b>\$ 756,939</b>

The net change during the year in the restricted deferred revenue balances is made up as follows:

	Building Department	Gas Tax	Parking	Parkland	Total
Opening obligatory funds	\$ 50,000	\$ 133,582	\$ 46,064	\$ 131,422	\$ 361,068
Restricted funds received	342,554	206,985	-	24,000	573,539
Interest earned	-	2,092	430	4,798	7,320
Revenue recognized	(342,554)	-	-	(45,282)	(387,836)
Closing obligatory funds	\$ 50,000	\$ 342,659	\$ 46,494	\$ 114,938	\$ 554,091

Gas tax revenue is provided by the Government of Canada. The use of the funds is established by the funding agreement signed between the Municipality and the Association of Municipalities of Ontario. Gas tax funds may be used towards designated projects as specified in the funding agreements.

---

## **Corporation of the Municipality of Dysart et al. Notes to Consolidated Financial Statements**

**December 31, 2017**

---

### **8. Landfill Site Closing and Post Closing Costs**

The consolidated statement of financial position reflects a liability for anticipated future costs related to the closing and monitoring of the six existing landfill sites. The waste site closure and post closure cost liability has been estimated at December 31, 2017 to be \$1,609,992 (2016 - \$1,659,530). This liability represents the estimated total expenditures for closure and post closure care. The information used to determine the liability was updated as of March 11, 2014 by Jp2g Consultants Inc., a consulting firm hired by the Municipality who have experience with landfill capacity studies, landfill site development and operational plans and landfill monitoring and closure plans. For purposes of the above calculation, the landfills have estimated remaining life spans of 0 to 68 years and combined remaining capacity of 187,841 cubic meters. Once closed, the sites will be monitored for an estimated period of 25 years with the estimated costs of \$10,960 to \$19,180 per year. A discount rate has been used that is equal to the rate available to the Municipality on long-term borrowing. The estimated present value of total closure and post closure costs is \$2,927,083 and the estimated portion related to remaining available capacity is \$1,317,091. As at December 31, 2017, there are no specific assets designated for settling this liability.

---

### **9. Employee Future Amounts Payable**

The municipality provides certain employee amounts which will require funding in future periods.

#### **a. Pension Agreement**

OMERS provides pension services to almost half a million active and retired members and approximately 1,000 employers. Each year an independent actuary determines the funding status of OMERS Primary Pension Plan (the Plan) by comparing the actuarial value of invested assets to the estimated present value of all pension benefits that members have earned to date. The most recent actuarial value of the Plan was conducted at December 31, 2017. The results of this valuation disclosed total actuarial liabilities of \$94,431 million in respect of benefits accrued for service with actuarial assets at that date of \$89,028 million indicating an actuarial deficit of \$5,403 million. Because OMERS is a multi-employer plan, any pension plan surpluses or deficits are a joint responsibility of Ontario municipal organizations and their employees. As a result, the municipality does not recognize any share of the OMERS pension surplus or deficit. Contributions made to OMERS for 2017 were \$226,681 (2016 - \$217,684).

# Corporation of the Municipality of Dysart et al.

## Notes to Consolidated Financial Statements

**December 31, 2017**

### 9. Employee Future Amounts Payable (Cont'd)

#### b. Post Employment Benefits

Under the provisions of certain employee benefit plans, an employee who, has achieved the 85 factor as determined by Ontario Municipal Employee Retirement System (OMERS), is eligible for a retirement pension from OMERS, and is under the age of 65 will be provided with Extended Health (drug, semi-private hospital and dental plan) coverage. All coverage ceases at age 65. The plan requires no contribution from employees. Total benefit payments to retirees during the year were \$29,000 (2016 - \$7,100).

Actuarial valuations for accounting purposes will be performed triennially using the projected benefit method prorated on services. The last actuarial valuation was completed as at December 31, 2016. The accrued benefit obligation of \$380,874 shown for December 31, 2017 is based on that valuation. Actual experienced cost increases and discount rate adjustments have resulted in a net gain of \$190,982 which will be recognized over the estimated average remaining service life of the employee group.

The post-employment benefit liability at December 31, 2017 includes the following components:

	<u>2017</u>	<u>2016</u>
Accrued benefit obligation	\$ 189,892	\$ 195,059
Unamortized actuarial gains	<u>190,982</u>	<u>217,507</u>
<b>Amount to be recovered from future revenue</b>	<b><u>\$ 380,874</u></b>	<b><u>\$ 412,566</u></b>

The actuarial valuation and extrapolation were based on a number of assumptions about future events, such as wage and salary increases, and employee turnover and mortality. The assumptions used reflect the municipality's best estimates. The main actuarial assumptions employed for the extrapolation are as follows:

Expected inflation rate	2.5%
Discount rate	3.25%
Medical cost increases - first year	8%
- decreasing over 10 years to	3.5%
Expected rate of dental cost increase	3.5%
Estimated average remaining service life of the employee group	10 years

The post-employment benefit expense is reported as a component of current expenditures on the consolidated statement of operations. Composition of the amount is as follows:

	<u>2017</u>	<u>2016</u>
Current year benefit cost	\$ 17,678	\$ 16,275
Amortization of actuarial (gains) losses	(26,525)	(30,471)
Interest on post-employment benefit liability	<u>6,155</u>	<u>6,816</u>
<b>Total expense (recovery) related to post-employment benefits</b>	<b><u>\$ (2,692)</u></b>	<b><u>\$ (7,380)</u></b>

# Corporation of the Municipality of Dysart et al.

## Notes to Consolidated Financial Statements

**December 31, 2017**

### 10. Municipal Debt

	2017	2016
The municipality has entered into agreements with Dysart Facility Limited Partnership and its investors relating to sewage collection and processing plant capital assets. Details of the arrangement are detailed in Note 13. Interest rate charged is 6.136%	\$ 380,205	\$ 358,684
Term facilities to be used for capital infrastructure projects and building construction/expansion and/or land improvements, repayable in blended monthly payments of \$29,383 total with interest at 2.97%, due January 2023 (Note 14)	1,662,655	1,961,378
Term facilities to be used for capital infrastructure projects and building construction/expansion and/or land improvements, repayable in blended monthly payments of \$14,560 total with interest at 2.36%, due July 2020	1,212,093	1,368,218
<b>Net municipal debt</b>	<b>\$ 3,254,953</b>	<b>\$ 3,688,280</b>

a. Future payments requiring taxation and user charge financing are summarized as follows:

Years	2018	2019	2020	2021	2022+	Total
Principal	\$ 281,655	\$ 301,148	\$ 1,067,131	\$ 538,354	\$ 1,066,665	\$ 3,254,953
Interest	66,313	62,569	47,059	30,846	26,561	233,348
<b>Total payment</b>	<b>\$ 347,968</b>	<b>\$ 363,717</b>	<b>\$ 1,114,190</b>	<b>\$ 569,200</b>	<b>\$ 1,093,226</b>	<b>\$ 3,488,301</b>

These payments take into account the refinancing of the above noted debt as mentioned in Note 14.

- b. The long-term liabilities issued in the municipality's name have been approved by by-law as required and the annual principal and interest payments required are within the annual debt repayment limit prescribed by the Ministry of Municipal Affairs and Housing.
- c. Total gross payments for the year to service net municipal debt and capital lease obligations (Note 11) are as follows:

	2017	2016
Principal payments	\$ 474,615	\$ 531,891
Interest	93,260	150,846
<b>Gross payments</b>	<b>\$ 567,875</b>	<b>\$ 682,737</b>

# Corporation of the Municipality of Dysart et al.

## Notes to Consolidated Financial Statements

**December 31, 2017**

### 11. Capital Lease Obligations

	2017	2016
John Deere Financial lease for a motor grader, repayable in blended monthly payments of \$6,213 with interest charged at 4.5% due July 2023. It is expected that the municipality will purchase the asset for it's residual value of \$1 at the end of the lease term.	\$ 367,506	\$ -
John Deere Financial lease for an excavator, repayable in blended monthly payments of \$2,684 with interest charged at 4.5% due May 2021. It is expected that the municipality will purchase the asset for it's residual value of \$99,400 at the end of the lease term.	184,780	-
	<u>\$ 552,286</u>	<u>\$ -</u>

Minimum lease payments for the next five years are summarized as follows:

Years	2018	2019	2020	2021	2022	Total
Principal	\$ 83,624	\$ 87,466	\$ 91,484	\$ 175,971	\$ 70,891	\$ 509,436
Interest	23,142	19,300	15,282	8,724	3,668	70,116
Total payment	<u>\$ 106,766</u>	<u>\$ 106,766</u>	<u>\$ 106,766</u>	<u>\$ 184,695</u>	<u>\$ 74,559</u>	<u>\$ 579,552</u>

### 12. Accumulated Surplus

	2017	2016
Municipal surplus (deficit)	\$ (672,565)	\$ 8,580
Community Centres surplus	48,089	56,892
Haliburton Business Improvement Area Board surplus	53,462	53,671
	<u>(571,014)</u>	<u>119,143</u>
Landfill liability to be recovered in future (Note 8)	(1,609,992)	(1,659,530)
Employee benefits payable to be recovered in future (Note 9)	(380,874)	(412,566)
Municipal debt to be recovered in future (Note 10)	(3,254,953)	(3,688,280)
Capital lease obligations to be recovered in future (Note 11)	(552,286)	-
Invested in tangible capital assets (Note 16)	32,931,950	30,848,122
Reserve/reserve fund balances	4,722,165	4,797,762
	<u>\$ 31,284,996</u>	<u>\$ 30,004,651</u>

---

### **13. Contingent Liabilities and Commitments**

#### **a. Dysart Facility Limited Partnership**

In order to arrange financing for major sewage treatment plant and collection systems upgrades and expansion in 1996, several agreements were executed. These include:

- Sale of the plant and collection systems (excluding land) with an estimated useful life of over 30 years to Dysart Facility Limited Partnership (DFLP)
- Lease of the related lands to DFLP for 45 years at \$1 per year
- Agreement for DFLP to provide sewage processing for 25 years
- Amended option to repurchase the plant and collection systems from DFLP from January 1, 2019 to August 31, 2021 for \$480,000.

These agreements involve fixed cash inflows resulting from notes receivable secured by pledge of partnership units totaling \$29.5 million over 25 years, and fixed cash outflows under the sewage processing agreement secured by pledge of the notes receivable totaling \$32 million over 25 years. The combined effect commits the Municipality to quarterly net cash outflows until 2016. The net liability for these cash outflows was included in long term debt, and was amortized using an effective interest rate of 6.136%. Consideration for the repurchase option of \$480,000 is included in the outstanding balance of long term debt related to this facility.

The sewage processing agreement also requires the Municipality to pay DFLP for the actual costs of operating and maintaining the plant and collection system each month in addition to the fixed charges discussed above. These operating costs for 2017 amounted to \$486,180 (2016 - \$489,702).

The Municipality remains responsible to fund any capital upgrades and major maintenance required to meet legislative and regulatory requirements for plant operation.

#### **b. Credit Facility Agreement**

The municipality has a revolving credit facility agreement with its main financial institution. The amount available at any time is limited to \$1.5 million via an operating line. Any balance borrowed will bear interest at prime per year. Council authorized the temporary borrowing limit for 2017 in By-Law 2017-02, and there was a balance owing as at December 31, 2017 of NIL (2016 - NIL).

#### **c. Other Contingencies**

In the normal course of its operations, the municipality is subject to various litigations and claims. The ultimate outcome of these claims cannot be determined at this time. However, the municipality's management believes that the ultimate disposition of these matters will not have a material adverse effect on its financial position.

---

## **Corporation of the Municipality of Dysart et al. Notes to Consolidated Financial Statements**

**December 31, 2017**

---

### **13. Contingent Liabilities and Commitments (Cont'd)**

#### **d. Spending Commitments**

Subsequent to year-end, on January 18, 2018, Council authorized staff to lease a 2019 Freightliner 114SD single axle truck for a cost of \$253,634 based on a 60 month lease agreement.

Subsequent to year-end, on February 20, 2018, Council authorized staff to purchase a 2019 International HV513 tandem axle truck for a cost of \$244,275 to be delivered January 2019.

---

### **14. Subsequent Events**

- a. Subsequent to year-end, on January 17, 2018, the municipality refinanced its term facilities relating to capital infrastructure projects, building construction/expansion, and land improvements which had an outstanding principal balance of \$1,662,655 at December 31, 2017, with an additional loan from CIBC which totalled approximately 1,442,707. The total amount of the loan upon refinancing was \$3,105,362 and is being repaid through blended monthly payments of \$29,416 beginning February 17, 2018 with interest at 2.68% maturing January 17, 2023.
- b. In March 2018 the Ministry of the Environment and Climate Change approved funding for the building of a community biomass heat system. This system will supply heating to buildings in the Haliburton area. The Municipality has estimated the cost of the project to be \$5.6 million, of which \$2.8 million will be funded through provincial funding, with the remainder of the project being paid through a combination of private partners and municipal contributions. Management anticipates the completion of the project to be 2019.

## Notes to Consolidated Financial Statements

**December 31, 2017**

### 15. Budget Amounts

The 2017 Budget adopted by Council on March 27, 2017 was not prepared on a basis consistent with that used to report actual results. The budget was prepared on a modified accrual basis while Public Sector Accounting Standards now require a full accrual basis. The budget figures treated all tangible capital expenditures as expenses and did not include amortization expense on tangible capital assets. As a result, the budget figures presented in the Consolidated Statements of Operations and Change in Net Debt represent the budget adopted by Council on March 27, 2017 with adjustments as follows:

	2017 budget adopted by Council	TCA expenditures from operating	2017 budget presented in statements
<b>Revenue</b>			
Taxation levied for own purposes	\$ 8,099,582	\$ -	\$ 8,099,582
User charges, licences and fines	2,385,597	-	2,385,597

**16. Tangible Capital Assets (Cont'd)**

Assets contributed to the Municipality in 2017, consisting of Land and Road Network, had a fair market value of \$111,180 (2016 - \$58,495). They have been capitalized at their fair value.

Leased tangible capital assets included in equipment had a cost value of \$604,021 (2016 - \$-) and accumulated amortization of \$40,437 (2016 - \$-).

The Municipality holds various works of art and historical treasures pertaining to the heritage and history of the Municipality of Dysart et al. These items are not recognized as tangible capital assets in the financial statements because a reasonable estimate of the future benefits associated with such property cannot be made.

### **17. Segmented Information**

The Corporation of the Municipality of Dysart et al. is a municipal government institution that provides a wide range of services to its citizens. Municipal services are reported by function and their activities are separately disclosed in the segmented information.

For each reported segment, revenues and expenses represent both amounts that are directly attributable to the segment and amounts that are allocated on a reasonable basis. Certain allocation methodologies are employed in the preparation of segmented financial information. Taxation is apportioned as a percentage of the segment's expenses versus total expenses, payments-in-lieu of taxes are allocated to general government and unconditional government transfers are allocated to protection.

The nature of the segments and the activities they encompass are as follows:

#### **General Government**

General government consists of the activities of Council and general financial and administrative management of the Municipality and its programs and services.

#### **Protection to Persons and Property**

Protection includes police, fire and protective inspection and control.

#### **Transportation Services**

Transportation services include construction and maintenance of the Municipality's roads and bridges, winter control and street lighting.

#### **Environmental Services**

The environmental services function is responsible for providing sewer, waste disposal and recycling services to ratepayers.

#### **Health Services**

The health services function consists of cemeteries and the Medical Health Centre.

#### **Recreational and Cultural Services**

The recreational and cultural services function provides indoor and outdoor recreational facilities and programs and library services.

#### **Planning and Development**

The planning and development services function manages the industrial, commercial and residential development within the Municipality.

The accounting policies of the segments are the same as those described in the summary of significant accounting policies.

**Corporation of the Municipality of Dysart et al.**

## Independent Auditor's Report

---

**To the Members Council, Inhabitants and Ratepayers  
of the Corporation of the Municipality of Dysart et al.**

We have audited the accompanying financial statements of the Corporation of the Municipality of Dysart et al. Trust Funds, which comprise the statement of financial position as at December 31, 2017 and the statement of continuity for the year then ended and notes to financial statements.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **Opinion**

In our opinion, the financial statements present fairly, in all material respects, the financial position of the Corporation of the Municipality of Dysart et al. Trust Funds as at December 31, 2017, and their continuity for the year then ended in accordance with Canadian public sector accounting standards.

---

**1. Basis of Accounting**

Revenue and expenses are reported on the accrual basis of accounting which recognizes revenues as they become available and measurable; expenses are recognized as they are incurred and measurable as a result of receipt of goods or services and the creation of a legal obligation to pay.

---

**2. Cemetery Perpetual Care**

The figures reported for the cemetery perpetual care represent the trust fund activities for the Dysart Cemetery. The capital amounts are to be kept intact in perpetuity, with investment income earned on the funds used to maintain the cemetery.
