Municipal Council Candidates are not required to submit additional declaration of endorsements; these endorsements are transferred to the second office.

In this instance, everything from the first campaign (Contributions, expenses, etc.) is transferred to the second campaign.

The Clerk or designate may consider the following criteria in their decision to reject or certify individual nominations:

- The Candidate's name does not appear on the Voters' List.
- The necessary financial statement was not filed for any office in the previous regular election or any new election in which the individual may have been a Candidate.

There may be other circumstances in which the Candidate is disqualified from being nominated or elected other than those identified above. It is the responsibility of each Candidate to ensure that they are not disqualified from being nominated for the office.

It is the responsibility of the Candidate to ensure they meet all the qualifications and file proper nomination papers, prior to 2:00 p.m. on August 21, 2026. Since the Clerk or designate may examine the nomination papers after the nomination period ends and may reject them, a Candidate may find that their papers have been rejected and they are too late to file additional information or provide proof to the Clerk of their qualifications.

If not satisfied, the Clerk or designate will reject the nomination and, as soon as possible, give notice to the person who sought to be nominated and to all other Candidates for that office. The Clerk or designate's decision to certify or reject a nomination is final.

Section 49 of the MEA.

No person shall interfere or attempt to interfere with an elector while in the process of accessing the Internet Voting service or interfere or attempt to interfere in the voting process while using the Internet Voting service.

- b) show their marked Ballot to any person so as to reveal how they have voted, except in connection with obtaining assistance in voting under paragraph 4 of subsection 52 (1).

All electors voting at the Help and Revision Centre may vote with the assistance of a Support Person; however, the Support Person shall be required to take the appropriate oath prior to providing assistance. Any individual requested by an elector to assist them in voting is required to maintain the secrecy of the vote(s) cast by the elector and shall vote according to the instructions and wishes of the elector.

All complaints regarding any and/or all breaches of secrecy shall be investigated by the proper authorities and shall be prosecuted according to the provisions of “Corrupt Practices and Other Offences - Penalties and Enforcement” under Sections 89 and 90 of the MEA.

## **Proxy Voting**

Proxy voting is not permitted in the 2026 Municipal and School Board Election. Subsection 42(5) states that when a by-law authorizing the use of an alternative voting method is in effect, Sections 44 (voting proxies) apply only if the by-law so specifies. [By-law No. 2025-40](#) authorizes the use of Internet and Telephone Voting and does not provide for proxy voting. The use of this voting method eliminates the need for proxy voting.

## **System Integrity and Security**

The integrity of the voting process shall be the responsibility of the Clerk of the Municipality of Dysart et al or designate and shall be preserved by:

- ensuring that every eligible elector on the Voters' List is mailed, using first class mail or hand delivered as required, a sealed Voter Information Letter which contains the voter's unique Personal Identification Numbers (PIN);
- ensuring that no one except Voatz Inc., the Clerk of the Municipality of Dysart et al, or designate, maintains a list of Personal Identification Numbers that matches each voter's name and address; and
- providing an opportunity for eligible electors who do not appear on the Voters' List to be added to the list, or to make amendments to the list, up to and including election day, October 26, 2026, at 8:00 p.m.

The voting system shall be tested on several occasions. The test(s) shall include, but not be limited to the following:

- checking the wording of the Script;
- checking the Voter Help Centre internet access;
- checking Script and input timing;
- attempting to use a PIN more than once;
- balancing a predetermined number of votes with those cast;
- matching PINs to names and addresses;
- checking the system which is used for activating PINs; and
- deliberately entering the wrong information.

The following security measures are in place for the 2026 municipal election at the Municipality of Dysart:

1. An Eligible Voter may only vote once in the Municipality of Dysart during the 2026 Municipal Election, regardless of the number of properties he/she may own and/or lease or the number of voting methods available to them.
2. A predefined security protocol is adhered to during the entire Municipal Election period. This protocol ensures access control to the status of the election is only available to the Clerk and persons authorized by the Clerk.
3. The Internet and Telephone Voting System is subject to strict logic and accuracy testing using a predefined set of Ballots, which are cast with a known outcome. This is then compared to the actual vote counts to ensure complete confidence in

the accuracy of the voting system. The thorough logic and accuracy phase allows Election Officials to review the full voting process prior to the opening of the voting.

4. At the completion of the logic and accuracy testing, the entire voting system is locked down prior to the start of the Voting Period. No system, code or configuration changes can occur during the lockdown or once voting has started.
5. The voting system is hosted by the Internet and Telephone Voting System Provider within their own data centers' environment, which undergoes continuous and rigorous penetration prevention testing.
6. The Internet and Telephone Voting System prevents the casting of multiple Ballots via the internet and/or telephone. Once a PIN is used to cast a Ballot, it is flagged by the system and the voter is immediately struck off a real-time electronic Voters' List. This ensures that an Eligible Voter cannot obtain another Ballot online or by telephone or by attending a Voter Assistance Centre.
7. At the time a Ballot is cast, the Internet and Telephone Voting System records the action in their database, and an audit record of the Ballot is created. The system will also capture unique identifiers, such as IP addresses, which are never connected to personally identifiable information, and are used for the sole purpose of monitoring suspicious activities.

## **Corrupt Election Practices – Provincial Offenses and Prosecution**

Sections 89 and 90 of the MEA provides for penalties and enforcement of corrupt practices and other offences during an election process.

Although the Municipality of Dysart et al will be using an alternative voting method, being Telephone/Internet Voting, the principles and the integrity of the election process will remain and is enforceable.

Section 89 of the MEA continues by stating:

“A person is guilty of an offence and liable, on conviction, to a fine of not more than \$5,000, if he or she

- a. votes without being entitled to do so;
- b. votes more times than this Act allows;
- c. votes in a Voting Place in which he or she is not entitled to vote;

- d. induces or procures a person to vote when that person is not entitled to do so;
- e. having appointed a voting proxy that remains in force, votes otherwise than by the proxy;
- f. having been appointed a voting proxy, votes under the authority of the proxy when the elector has cancelled the proxy, is no longer entitled to vote or has died;
- g. before or during an election, publishes a false statement of Candidates withdrawal;
- h. furnishes false or misleading information to a person whom this Act authorizes to obtain information;
- i. without authority, supplies a ballot to anyone;
- j. delivers to the deputy returning officer to be placed in a ballot box a paper other than the ballot the deputy returning officer gave him or her;
- k. takes a ballot away from the Voting Place;
- l. at an election, takes, opens or otherwise deals with a ballot, a ballot box, or a book or package of ballots without having authority to do so;
- m. attempts to do something described in clauses (a) to (l). 1996, c. 32, Sched., s. 89.”

No person(s) shall solicit a Voter Information Letter from an eligible elector. All valid complaints or knowledge of solicitation shall be reported immediately to the Ontario Provincial Police for investigation of corrupt practices.

In addition, under the provisions of Section 90 of the MEA, if a person is convicted of an offence and the offence was committed knowingly, the offence also constitutes a corrupt practice.

Although many provisions of the MEA also deal with Voting Places, ballots and ballot boxes, etc. the same must be used interchangeably with the “alternative form” of voting since the principle of the Act must be maintained and is therefore enforceable and subject to penalties.

As such, the Municipal Clerk of the Municipality of Dysart et al in this alternative form of voting, has agreed to the following rules and regulations:

- a. That all complaints about actions which may contravene the provisions of the MEA, either verbally or written, will be investigated by the Clerk;
- b. That all such valid complaints, once viewed by the Clerk are deemed valid and not frivolous, will be reported to the Police;

- c. The Detachment Commander of the Ontario Provincial Police has been advised that all such complaints will be turned over to his or her office for further investigation;
- d. The Clerk or any Election Official will not attempt to intervene in the prosecution and may be called to give evidence during prosecution.

### **Mail Tampering – Criminal Offence and Prosecution**

1. The Criminal Code of Canada states that tampering with the mail of an individual is a criminal offence and a person(s) found guilty is liable to a term of imprisonment not exceeding ten (10) years.
2. Since the Municipality of Dysart et al will be using an alternative voting method, that being Telephone/Internet Voting, and the notification of the voting process and how electors can access the voting system in order to exercise their right to vote will be completed through the mail, mail tampering is a criminal offence under the Criminal Code of Canada.
3. As such and in order to ensure the integrity and confidence of the voting process for all electors and Candidates, the Clerk has agreed that all complaints about actions which may contravene the provisions of the Criminal Code of Canada with respect to mail tampering, either verbally or written will be reported to the Police.

### **Results of Election**

The Municipality of Dysart et al shall keep its public internet and telephone voting open until Monday, October 26, 2026 at 8:00 p.m. and until the Returning Officer confirms that all eligible voters in the Voting Place using internet voting method have completed voting.

The Municipal Clerk or designate, providing that all eligible electors within the Voting Place and Voter Help Centre have voted, shall request the close and deactivation of the Telephone/Internet Voting service and shall also request the tabulation of the results for each Candidate.

The Clerk or designate shall report the “unofficial” results, when received from Voatz as soon as practicable after the close of the election. The “unofficial” results will be posted at the Municipal Office and may be posted on the municipal website on form Declaration of Unofficial Elected Candidates.

The “Official Results” of each Candidate shall be available as soon as possible after and posted at the Municipal Office and posted on the municipal website on form EL08 – Certificate of Election Results.

In the event that a tied vote occurs after the statutory recount, the following procedure shall be used and applied:

- a) The Clerk or designate shall determine the texture and quality of the paper used for this process and each Candidate or the Candidates' legal counsel and/or Scrutineer will have an opportunity to examine the paper to be used to inscribe the names of the Candidates;
- b) The Clerk or designate shall inscribe the name of each Candidate on a similar size paper and the Candidates, the Candidates' legal counsel and/or Scrutineer, without touching the paper, examine the same. In addition, all persons present will have an opportunity to examine the box which will be used for conducting the lot;

In the event of a conflict or difference of opinion as to the selection of the box, the Clerk shall determine the box to be used for this process.
