

# DYSART SPRING SAFETY

## Let's Talk... **Street Sweeping**

The annual spring clean-up includes sweeping all paved roads and hard surfaces, to remove debris and materials that have accumulated throughout the winter that could pose dangers to traffic, pedestrians/cyclists and clog catch basins.

Street sweeping is done in several phases as thaw conditions and workload allow. All street sweeping operations are weather dependant. Crews work to get the job done as quickly as possible to reduce the impact to residents and businesses.

During sweeping season it would assist road workers greatly if vehicles are parked off the roadway. Residents are reminded to not rake or blow leaves, lawn clippings or other debris onto the roadway.

**For further information on street sweeping, please call the Roads Garage at (705)457-1830 or visit our website at [www.dysartetal.ca](http://www.dysartetal.ca).**

**REMEMBER TO DRIVE TO ROAD CONDITIONS  
THINK SMART...THINK SAFE!**
