

NOTICE OF PUBLIC INFORMATION CENTER #2

CLASS ENVIRONMENTAL ASSESSMENT

Municipality of Dysart et al Septage Management Study

The Municipality of Dysart et al is undertaking a Schedule C Municipal Class Environmental Assessment (EA) Study to establish the preferred approach for providing septage and holding tank waste disposal services to the residents of the Municipality.

A significant public, stakeholder and review agency consultation is a key element of the EA process. Public Information Centre (PIC) #2 will provide an update on the septage volume estimates, alternative solutions, and a status update of current septage disposal practices based on feedback and questions received following PIC #1.

Public Information Centre (#2)

Date: Tuesday, December 5, 2017
Time: 6:30pm – 9pm
Location: Council Chambers at the Municipal Office
135 Maple Ave.
Haliburton, ON, K0M 1S0

Comments

You are invited to attend the PIC to provide your comments so that they may be included in the study. Comments received throughout the course of the assessment will be considered in selecting the preferred alternative. Following the PIC comments will be received until January 5, 2018.

Please contact either of the following if you wish to be added to the mailing list or if you have any questions or comments, or wish to obtain information about the project:
